  - Mangrove
  - Backshore
  - Population centre (to scale)
  - Population centre (symbolised)
  - Minor road (unsealed)
  - Major road (sealed)
  - National Park / Conservation Tenure
  - Special Management Area
  - Public Appreciation boundary

THIS MAP IS INDICATIVE ONLY AND IS NOT INTENDED FOR NAVIGATIONAL PURPOSES.

NOTES:

- The purpose of this map is to help interpret the Great Barrier Reef Marine Park Zoning Plan 2003 and the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004 for precise boundary descriptions.
- Zone identifiers indicate the zone type, latitude and number of each zoned area. Zones numbered on this map:
- CP - Conservation Park Zone
- B - Buffer Zone
- SR - Scientific Research Zone
- MNP - Marine National Park Zone
- P - Preservation Zone

3. The Great Barrier Reef Marine Parks include the water column, the seabed beneath the seabed to a depth of 1000 metres below the seabed and the airspace to 615 metres above the surface.

4. Reefs, shoals and islands within the Great Barrier Reef Marine Parks are numbered west to east within one-degree bands. They are prefixed with the latitude at the top of the band in which they lie. A centre point is used to determine the appropriate one-degree band for features straddling parallels. Following the latitude band is the numeric unique reef identifier. In addition, complex reef areas carry Sub IDs in the form of alphabetic letters.

5. Islands, or parts of islands that form part of Queensland are not owned by the Commonwealth, and are not part of the Great Barrier Reef Marine Park.

6. The information displayed is held in the Great Barrier Reef Marine Park Authority Geospatial Data Library. This includes data provided by Geoscience Australia National Mapping Division including the GEOGDATA product) and the Australian Hydrographic Office. Land tenure was derived from data supplied by the Queensland Department of National Parks, Sport and Racing, 19 July 2016.

7. While every effort has been made to show all features necessary to make this map a useful general reference, map users are invited to advise the Great Barrier Reef Marine Park Authority of any errors, omissions or other suggestions that would enhance this product. Contact details are shown on the map.

8. The Great Barrier Reef Marine Parks include the water column, the seabed beneath the seabed to a depth of 1000 metres below the seabed and the airspace to 615 metres above the surface.

PLEASE NOTE: This guide provides an introduction to zoning in the Great Barrier Reef Marine Parks.

1. Restrictions apply to aquaculture, spearfishing and harvest fishing for aquarium fish, beachcombing and coral in the Conservation Park Zone.

2. No take of items, fish or wildlife by commercial catch netters.

3. Except for One Tree Island Reef (SR-23-210) and Australian Institute of Marine Science (SR-19-2009) which are closed to public access and shown as orange, all other Scientific Research Zones are shown as green with an orange outline.

4. Limited to catch approved per permit (see permit conditions for details).

5. By hand or hand-held implement and generally no more than 5 of a species.

6. Minimum of 6 hooks attached to no more than 3 hand-held rods or trawlers per person.

7. Limited to 1 hook attached to 1 hand-held rod or trawler per person. Only 1 day dedicated from a commercial fishing vessel.

8. Apart from traditional use of marine resources in accordance with s.211 of the Native Title Act 1993, as amended.

9. Pelagic species only. Seasonal Closures apply to some Buffer Zones.

Detailed information is contained in the Great Barrier Reef Marine Park Zoning Plan 2003 and Regulations and the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004.

- Permits are required for most other activities not listed above.
- Commonwealth owned islands in the Great Barrier Reef Marine Park are zoned 'Commonwealth Islands'.
- All Commonwealth Islands may not be shown.
- Special Management Areas may provide additional restrictions at some locations.
- The Zoning Plan does not affect the operation of s.211 of the Native Title Act 1993.

ACCESS TO ALL ZONES IS PERMITTED IN AN EMERGENCY.

**WARNING** This map must not be used for marine navigation. Comprehensive and updated navigation information should be obtained from published hydrographic charts.
